THE TOURNAMENT

"AMÉRICAS TEAM CHAMPIONSHIP IBEROSTAR"
Is the first team competition in the region.

72 holes, four days of competition in 4 different courses.

A unique experience in the best golf courses in the Caribbean.

IMPORTANT:

All teams must be made up of 4 golfers which can be: 4 amateurs or 3 amateurs + a PRO in PRO-AM mode.

GOLF COURSES

IBEROSTAR BÁVARO GOLF CLUB

The course, Par 72 and 6879 yards is a design of PB Dye, who transformed a flat and unattractive terrain into a course with a lot of undulations and movement throughout its length.

It is surrounded by lush vegetation that generates spectacular panoramic views.

It is a very entertaining design for both amateurs and professionals, it has a great finish, with very varied holes

LA CANA GOLF COURSE

La Cana Golf Course is a 27-hole golf complex where you can play 3 combinations of nine holes; Turtle, Treasury and Reef. Designed by Pete Dye, the course has 14 holes overlooking the crystal clear waters of the Caribbean Sea and has become a favorite place for golfers from around the world. La Cana Golf Club was the first course in the entire Caribbean to use paspalum, a grass seed that can be irrigated with seawater. Golf Magazine has compared the 18th hole at La Cana to the same hole at Pebble Beach.

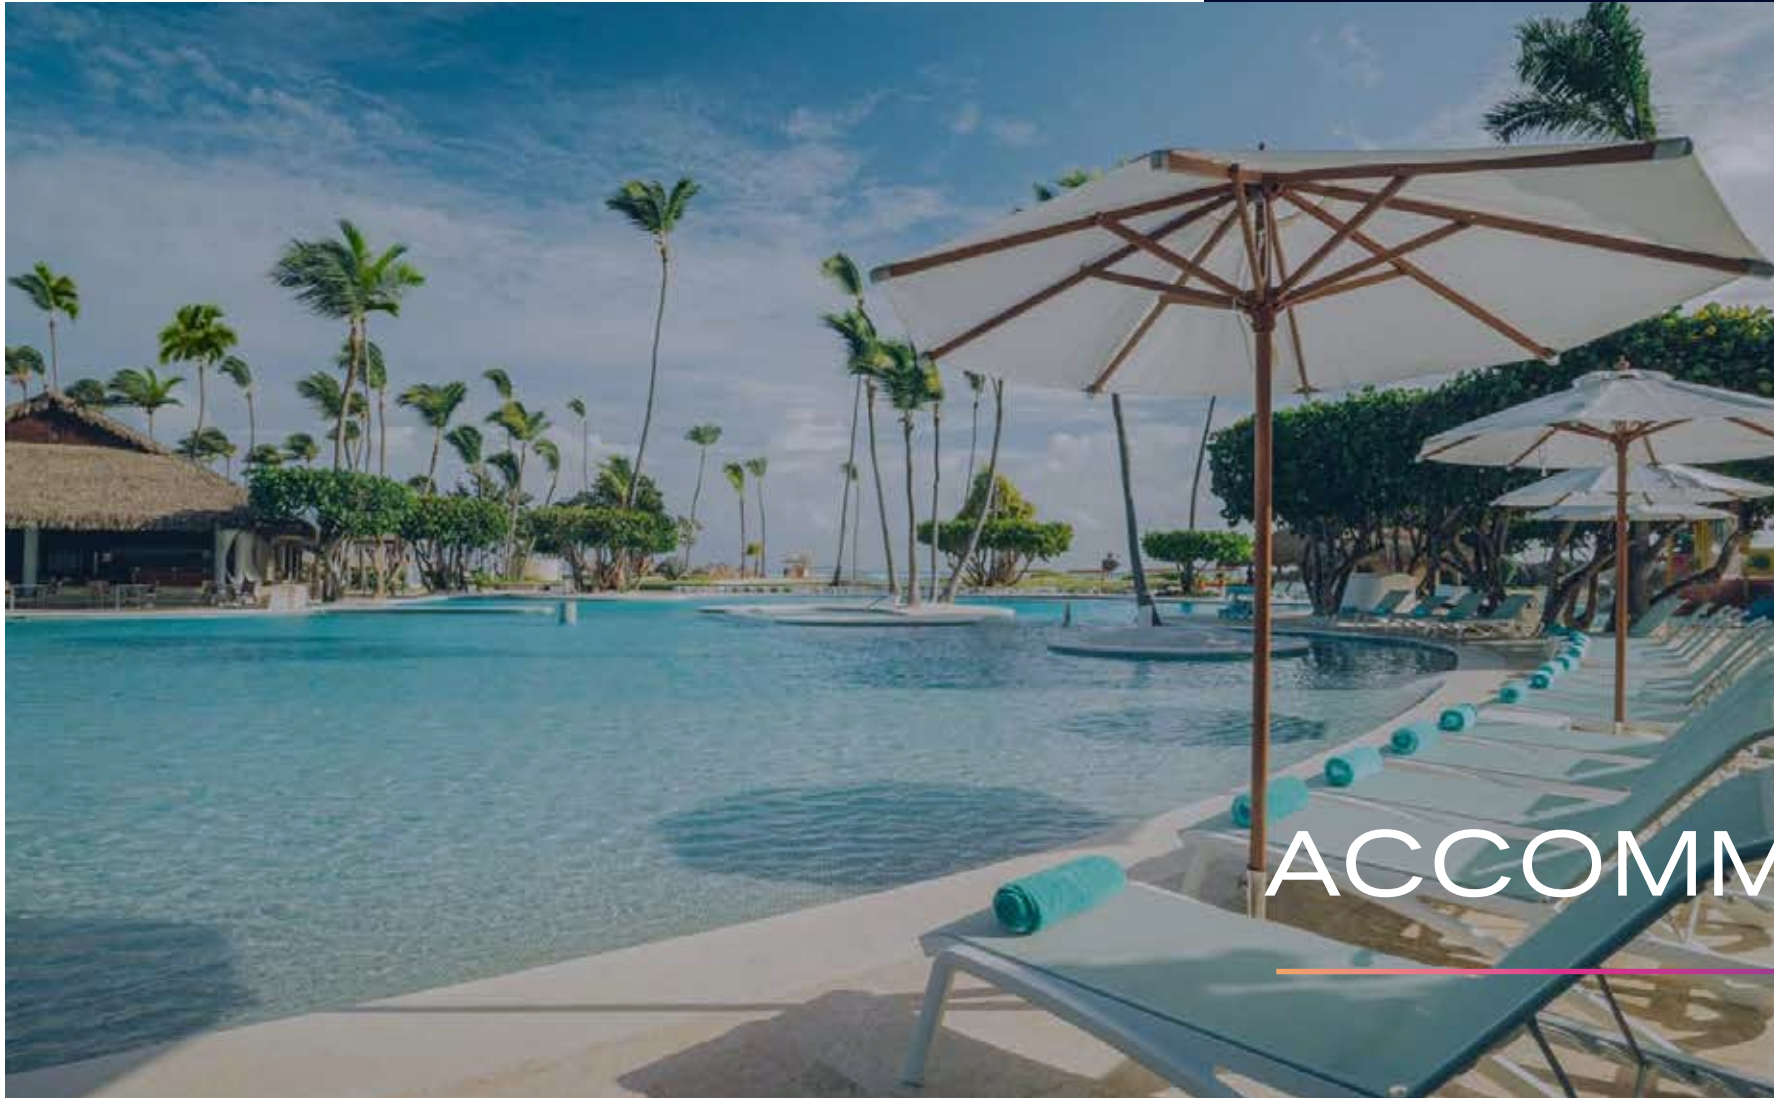

PUNTA ESPADA

Punta Espada is a Jack Nicklaus Signature course located in the beautiful resort area of Cap Cana. Featuring entertaining short holes and greens of various sizes in a unique natural setting. Considered one of the most scenic courses in the world. Golfers are blessed with extraordinary views of the Caribbean, the contrasts of the fairways and the perfect greens. Built in 2001, open to the public in 2006, this course was headquarters of the PGA Champions Tour for 3 seasons, from 2008 to 2010.

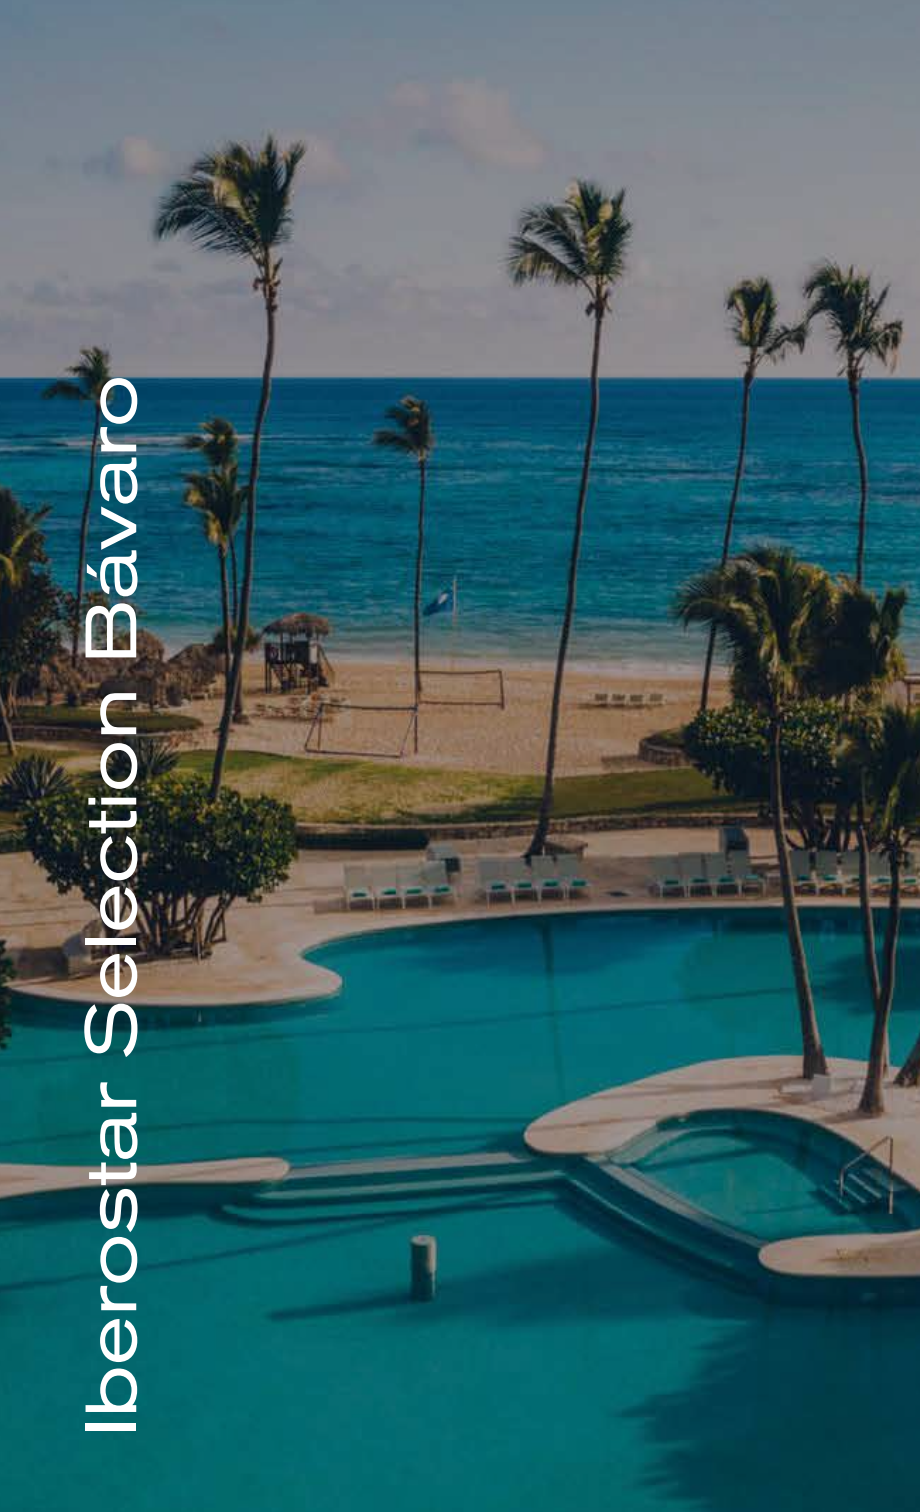

CORALES GOLF COURSE

Corales develops on an immaculate terrain, on the Caribbean Sea, designed by Tom Fazio with a perfect climate all year round. It is a great challenge for any golfer. With 7,555 yards, and extendable to more than 8,000, it is not a difficult course, but at the same time it allows for a good score. Its fairways are very wide and misses from the tee usually have recovery. It also has two holes with two greens, making it even more entertaining and varied. Added to its excellent maintenance, it has hosted the PGA Tour since 2018.
