# DUNDONALD LINKS

Dundonald Links, home of the 2017 Scottish Open, is located next to the renowned Glasgow Gales and Western Gales. The course measures from 6415 to 7100 yards so it accommodates every golfer perfectly. The experience of playing at Dundonald Links starts from the moment you walk into the club, everyone treats you as if you have been a member for years.

An aerial photograph of the Western Gailes golf course. The course is a mix of green fairways and brown, grassy dunes. In the foreground, there are several sand traps. To the left, a wide beach meets the ocean. In the background, there are rolling hills and a small town. A clubhouse with a red roof is visible on the right side of the image.

# WESTERN GAILES

Western Gailes is an unusually designed course where the Club House is almost in the center. The first 4 holes run parallel to the train tracks. The next 9 return near the coast passing by the Club House and finally the last 5 (the most difficult part of the course with the hole at 14 a par 5 that usually plays downwind tempting long hitters) return again glued to the tracks approaching the Club House.

# KILMARNOCK (BARASSIE)

Founded in 1887, Kilmarnock (Barassie) Golf Club has an illustrious history and has been an Open Championship qualifying course on occasion. Not far from Troon, Kilmarnock Barassie Golf Club offers terrific views and challenging play for golfers at every skill level. Well-groomed fairways and greens keep Kilmarnock Barassie Golf Club difficult yet friendly, and the staff can offer tips and tricks for playing your best round. Kilmarnock Barassie Golf Club is a terrific choice for your regular rounds of golf or a new destination for you and friends when visiting Troon.

An aerial photograph of Ailsa Crail, a small island in Scotland. The island features a prominent white lighthouse with a black lantern room and a white building with a yellow roof. The island is surrounded by the sea, and a large, dark rock formation (Ailsa Crail) rises from the water. The foreground shows a lush green golf course with a sand trap. The sky is overcast.

# AILSA TURNBERRY

Once a haven for Roman Catholics during the 15th century the island was quarried for its rare stones. Home to four Open editions, Ailsa has shaped some of the most remarkable moments like the “Duel in the Sun” between Watson and Nicklaus in 1977; this typical links course has the most impressive 9 consecutive holes set alongside the Ayrshire coastline. Redesigned by Martin Ebert in 2014, the course has been completely restored and revamped and is now part of Trump Turnberry. It is considered the best Golf Resort in Scotland, featuring beautiful views of Ailsa Crail (the huge rock that rises from the sea) and on the 9th the picture perfect remains of Robert the Bruce’s lighthouse and castle.
